

# BIOGRAPHY

---

Still Inertia is Jason Kraley.

Originally from Cleveland, Jason Kraley began creating music in 1993 under the name "Inertia". In 1999, the name was changed to "Still Inertia" to avoid identity confusion.

With Jason Kraley at the heart of Still Inertia's writing and composition, his music is based on experimentation fusing both electronic and acoustic sounds (and samples) of guitars, pianos, orchestral sections and the human voice. A majority of Still Inertia's songs would not be possible without gracious contributions from guest musicians and vocalists around the world. Ultimately, everything is composed, reorganized and pulled together by Kraley.

Between 1993 through 2005, Kraley had composed, duplicated, promoted and sold 5 albums, 2 EPs, 4 singles and 2 remix projects on cassettes and CD-Rs. Still Inertia had also composed the soundtrack for "Born Lucky", a film by Shahin Afnan (2005).

Still Inertia relocated to Philadelphia in October 2005. Armed with hours of recordings and plenty of gear, the six years which followed became (unknown at that time) the project for the decidedly-named album, "Invested".

After becoming a BMI-affiliated musician in 2011, Jason Kraley officially released Still Inertia's first internationally self-published album, "Invested", on November 29, 2011.
